Better Value

Prolam saves you time, money and risk from design to build and locks-in long-term value.

Easy, safe & efficient builds

Lower building lifecycle & environmental costs

Lower whole-of-project costs

For Designers

- ✓ More choice & design flexibility, less compromise
- ✓ Fast, simple design & specification
- ✓ Smooth building consents

For Builders

- ✓ Fit, fix and go solutions that cut construction times and costs
- ✓ Less re-work & defects within 10 year structural warranty period
- ✓ Lower install cost to steel - easier to handle, less labour & logistics (no hiabs, no packing)
- ✓ Standard tools & connections

For Merchants

- ✓ Supply certainty
- ✓ Fast leadtimes
- ✓ Customer sales & satisfaction
- ✓ Fewer issues
